This clinic is designed to prepare each softball player for the upcoming summer college showcases. College softball coaches will teach skills and run drills that the players will see at showcases. A few of the local colleges that will be represented are Villanova University, Temple University, West Chester University, and Swarthmore College. Former college softball players will also be available to share their experiences as a college softball player. Parisi Speed School will be involved with the clinic on Saturday to teach proper running and stretching technique. We will also create player profiles for each player.
